The Strength of Experience

For over 30 years, Wessan Interactive has been customizing solutions for its clients. We have created thousands of applications, developed hundreds of websites, transcribed millions of hours of data, stayed ahead of emerging technology and processed tens of millions of IVR calls, website hits and text messages – all while maintaining a 99.9% up-time.

Who We Serve

Operating across North America, our clients range from Fortune 500 companies to small businesses across a variety of industries. We also work with advertising agencies, associations and state & federal government entities. The strength of our service is in our ability to communicate with and serve any marketplace – quickly, professionally and cost-effectively.
