

mobile schedule adventure

theme parks, attractions, rides, amusement, etc..

Text reminders cost only pennies and are the preferred method of communication.

Wouldn't it be great to be at a theme park or the zoo and have your cell phone send you a text message of the location and time of each event before it happens?

The Benefits

Text schedule reminders only cost pennies per message minimizing the cost of printing the schedule on paper. Plus, you will know who your visitors are allowing for future marketing opportunities.

Your visitors also benefit by not having to carry around and check the printed itinerary constantly – trying not to be late for the next big event.

How it Works

At Wessan Interactive, you tell us the events and we will do the rest.

The attendee walks into the park and sees a sign that reads, "Text EVENT now to receive the schedule on your cell phone." The reminders will start instantly!

Giveaways, Drawings, Etc..

Also, giveaways, enter-to-wins, drawings and all other awards can be randomly selected – at any time – eliminating any human error and administration.

Wessan Interactive Mobile Applications:

- Alerts / Notifications
- Contests / Quizzes / Games
- Coupons
