

## Steady.. Boring.. but yet, Amazing

It's like watching a tree grow. Not a lot of movement from year-to-year. But you know that it will be okay – growing and thriving and healthy. A Wessan client experiences the same type of thing with their programs.

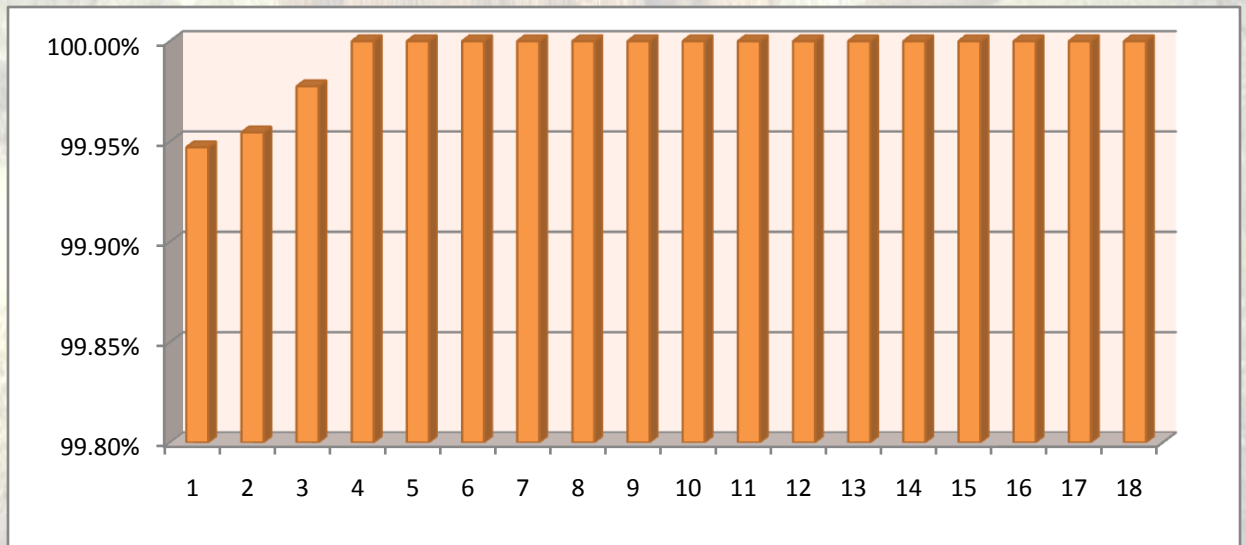

That's because, at Wessan, we have over a 99.9% up-time / availability with our service. There is no other company in the industry that can tout higher numbers.

PS.. The 18 bars on the graph below aren't days – they're clients. We only showed the results of 18 because we didn't want to bore you with the rest.

### Up-time / Availability Statistics:

- Over 99.9% up-time
- Across all clients
- Throughout 2019

INNOVATIVE  
POWERFUL  
EXPERIENCED
